WY RH comments jan 2 part 2.pdf

Hi All

In going through Janet's comments I have found one that has "OGC" on it - - - see her comment on page 303. In the past I think I remember you all suggesting not to say anything externally about 0.5 level, but perhaps the thinking is shifting and/or I am not remembering accurately. Please let us know your thoughts on this.

I haven't seen any others that are specifically addressed to your office, will let you know if I find others or if we need assistance with other comments from Janet and Tom.

Thanks,
